Subject: Re: Please use R6Harvey mail boxes -

I already have probably over 200 emails in a Harvey folder

Do I have to forward them one at a time?

I will be adding more (list from Althea) tomorrow. If you need instructions on how to access the mailboxes, use them, etc., please contact Ken Ferguson or Mark Townsend or Devon Jackson (last two are IT contractors). If you have any mail already, you should have placed it in a folder within your inbox titled "Harvey response." Once that's done and you see the mailbox R6HarveyInfo@epa.gov, please forward all email from your folder to that mailbox. In the future, please include the info mailbox as a "cc" on everything incident related.

Thanks,

Derek
